Fund description

Heavy memory exposure (MU, SK Hynix, SanDisk) because that is where Hyperliquid's equity depth sits.

This document is a simulated fund factsheet produced for research and demonstration purposes. The HLX funds are not registered collective investment schemes, are not offered or sold to the public, and have no custodian, transfer agent or prospectus filed with any regulator. Performance shown is a backtest of the stated target weights applied to historical Hyperliquid market prices and does not represent the return of any actual portfolio; past performance does not predict future results. Data as of 2 November 2026.
